City News Items

Week's Happenings in Brief

Joe Trea made a business trip to Stettler on Monday.

F. P. Spencer made a business trip to Camrose on Monday.

Chas. Tate, of Lamont, was transacting business in the city.

Mr. Knox, recently from Scotland, has entered the office of M. E. O'Brien solicitor.

Mrs. A. T. Boardman of Oils spent Sunday in Wetaskiwin with her husband.

Mr. H. Miller, of Stettler, is transacting business in the city today (Thursday).

Dr. Stevenson made a professional visit to the Capital on Monday, returning Tuesday.

Kelley & O'Brien sold seven 40-lb near Onatons, this week, to H. Anderson at a good price.

Misses Ethel and Agnes Peterson, who have been at the city with their friends, returned home on Monday.

A party of government surveyors was in the city this week surveying the creek channel to ascertain its capacity.

Rev. A. B. Adridge, D.D., was called to High River this week in connection with his duties as president of the Alberta Conference.

Geo. O'Brien's "Comrades" for the half mile event at the sports at Strathcona on Friday last. The time was 54 sec.

Claude Benoit sold his 1908 runabout automobile, which he had on exhibition in this city, to Ed. Berg party.

Mrs. H. W. Headley of Oils and Bert Headley of Oils, arrived in the city on Tuesday on a visit to the home of L. E. Martin.

Mr. and Mrs. J. H. Walker, and family who have been spending vacation at Vegreville, returned to the city on Monday morning.

A monster picnic is to be given at Millet, on July 22nd, under the auspices of the Millet Ladies' G.O.P. and Beatrice Rebekah Lodge.

Mrs. McFadden arrived in town a few days ago from North Dakota, on a visit to the home of her son, Mrs. T. P. Ford and other friends.

The installation of the new G.O.P. next Monday, July 11th, will be held at the home of Mrs. J. H. Walker.

Mrs. Milne and son arrived in the city this week to join her husband, who accepted a position as bookkeeper in the office of the Wetaskiwin Produce Co.

T. B. Skatthene and daughter of New Norway, were in the city on Wednesday. The latter was en route for near Calgary, to spend some weeks with relatives.

Miss Ethel Kennedy, of the teaching staff of the Vegreville school, and her sister Miss Maud, of Toronto, arrived at the home of their cousin, Mrs. J. H. Robinson.

W. Stasch has moved his harness emporium into the one story brick building he has erected on Railway St. east, where he will now be pleased to welcome his many patrons.

One of the land marks of Wetaskiwin was removed this week, when the veranda fronting J. H. Walker's store was torn down. The front of the store is being remodelled.

The services in the Presbyterian church on Sunday, July 10th will be conducted by Rev. Mr. Todd, late of Dayland.

A meeting of the settlement committee will be held in the Presbyterian church tomorrow (Friday) evening, immediately after the arrival of the 21 o'clock train from the south.

The many friends of Gust. Carlson, are pleased to learn that he has decided to remain in the city, and has therefore withdrawn his resignation as a member of the public school board.

Mr. T. Mason and the Misses E. and J. Mason of Edmonton, arrived in the city on Friday last. The latter will spend her two weeks vacation here, while the former spent only the week-end.

The foundation has been commenced for the new business block of Mayor Montgomery. This will be one of the finest buildings in the country, and the work will be rushed to completion with all possible speed.

The many admirers of that fine Hackney stallion, Standish Semanation, sympathize with L. E. Martin in his loss, the animal having died on Monday, after less than a week's illness. The loss to Mr. Martin is considerable as a sale was pending at a price around \$2,000, but we understand that there was some insurance on the animal.

L. T. Miquelon made a business trip to the Capital this week. He has decided to have no work whatever in the seed scraper, which he recently invented and perfected, and left an order with one of the foundries to have a number of the scrapers made out of steel and iron. He also had a conversation with the government road foreman and was informed that his invention was the best article on the market of its kind, and that it had been proven by use that one of the Miquelon Seed Scrapers would do as much work as three of the ordinary kind.

H. L. Higgs went to Calgary last week and purchased four of the finest thoroughbred Jersey cattle in the West. One of the cows is for Sheriff Dickson, while the other animals are for himself.

A large number of the sporting fraternity rented Angus Hall and received the news of the big fight on Monday last. The news was announced as soon as the operator obtained the information off the wire.

Among the many excellent gardens in the city this year is that of W. H. Hagleton. On Sunday last Mr. Hagleton and family had a good feed of vegetables grown by himself. This is the record for early vegetables.

Miss Kellington, who has been the assistant in Hutchins' Bookstore for some time, left on Monday for her home at Camrose, Man. She has not been enjoying good health and it is hoped that the change will prove beneficial to her.

Dr. MacNabers passed through the city on Monday of his return from a month's vacation spent in different parts of Ontario. The Doctor reports that the prospects in Ontario for good crops are excellent, but the best crops he saw in all his travel was to be found in this district.

J. M. Douglas, M. P. for the Strathcona constituency, was in the city on Saturday last. He assured the Times reporter that the plans for the post office building at this point would be ready for the approval of the citizens of Wetaskiwin very shortly, and that the work would be proceeded with as soon as the plans are approved.

The hail storm that passed over the district on Thursday last, caused a warning to every farmer in the district, who has not already done so to insure his crop against hail. The hail storm on this occasion was not serious, but who knows how disastrous the next storm might be.

J. H. Robinson, returned on Tuesday from a business trip to the mountains. He reports that the crops in the south country are practically a total failure and that the weather conditions change within the next few days, great hardship and suffering will be experienced by many of the new comers to Southern Alberta.

Two popular young business men left the city this week to go into business for themselves in the mining town of Dubuque, in the persons of J. M. Peterkin and Louis Schiele. As these young men thoroughly know the business, they are well known by the public and know where and how to buy, we bespeak for them every success.

We understand that E. Nunneley will be arraigned before the Justice of the Peace on Saturday, on a charge of creating a nuisance by allowing manure to remain on lot owned by him on Thuis street without being covered with earth. The charge is determined by E. Campbell, the sanitary inspector, who says that he is determined that the law in this respect is observed.

Four Canadians are included in the list of "honorary" members of the Bachelor, Senator G. W. Ross, former premier of Ontario; Byron B. Walker, president of the Bank of Commerce; H. N. Bate, of the Ottawa Improvement Commission; C. B. G. J. G. Rutherford, Dominion Livestock Commissioner; Imperial Service Order, Achille Frochette, W. H. McIlroy and W. J. Polney.

The Wetaskiwin students at the Alberta Business College made an excellent showing at the examinations this week. Miss Queenie Lucas was awarded the gold medal, donated by the Remington Typewriter Co., for the best record in typewriting on one of their machines. Miss Lucas was also awarded her diploma for short-hand and typewriting. Miss Ruth Berg was awarded a special certificate for the greatest improvement in penmanship.

Many of the teachers of the public school staff left for the vacation. Mr. Gunt has gone north of Camrose where he takes a summer school; Miss Moore is visiting at the home of Inspector Thibault; at Lacombe, Miss Bernard has gone to her home at Strathcona; Miss Stone has taken a summer school near Mundare; Miss Smith spends the holidays with Edmonton friends; while Miss Bell has gone to Ontario.

The many friends of Mrs. S. B. Talbot regret to learn that she was much more seriously hurt in the runaway accident last week than at first imagined. She was thrown upon the sidewalk, alighting upon her shoulder with the result that the shoulder bone was broken. She also received several painful bruises upon her arm. She has been confined to the bed ever since the accident and is getting along as well as can be expected under the circumstances.

A meeting of the Executive of the Liberal Association was held in the city hall Wednesday evening to consider the matter of a reception to the Honourable Sir Wilfrid Laurier, Premier of Canada, and party, who are to spend a few hours in Wetaskiwin, on Wednesday, July 13th. A committee was appointed to bring the matter before the council, and when financial assistance is promised, a general meeting of the citizens will likely be called to consider the form the ceremony will take, and to arrange for the carrying out of any plans agreed upon.

Slaughter of Prices on Doll Carriages

We have a number of Doll Carriages that have become slightly damaged and we are going to cut the price on these in such a manner that we will clean out the lot in short order. The damage to these Carriages is so small that you will almost fail to see it, but the prices we are selling them at is smaller still. See our window full

•Binds More Sheaves with Less Twine

Plymouth Binder Twine is made right. It works smoothly, ties properly, and the last of the ball feeds as freely as the first. No knots or breaks. Fifty per cent stronger than any other twine actually requires.

PLYMOUTH Binder Twine

is used more than any other twine because it is known to be the best. Made by the oldest cordage establishment in the United States, where quality and honesty are spun into every ball of twine. Farmers who insist on using the wheat-sheaf twine on every acre of twine save money and avoid heavy delays.

ONE YEAR OF HOG RAISING IN CATTLE RUSTLER WILL FIGHT ALBERTA FOR FREEDOM

By N. K. Sorenson, Markerville, Alta.
I use in my hog business eight acres of land bordering upon the Medicine River. The slope towards the river is covered with brush and the rest of the land is partly in native grass and partly seeded down with mixed grain and pasturage, which is a great help to keep pigs in good growing condition. The principal building provides pens for some 50 hogs, and in one end of it I have a feeding room with tanks for storing water and better still, the feeding trough is surrounded on three sides by feeding yards, fenced in and they are arranged so that hogs of nearly the same size are fed together. Outside of the regular feed yards I have other buildings used principally for brood sows whenever I find it advisable to separate them from the rest, while these as well as the feeding quarters, the sow pens, the farrowing quarters, the sows seem to prefer farrowing in the bushes in summer.

My bunch of hogs of the Yorkshire breed, bred from registered stock and consisted in February, 1909 of 1 boar, 13 sows and 21 young hogs for fattening. During the year the brood sows had 17 litters, totalling 128 pigs of splendid quality farrowed as follows: 4 litters in March, 5 in May and 4 in August. I brought 63 half grown hogs for fattening between September 11th and November 15th, 1909. In February last I had 35 pregnant sows and 2 boars, having sold altogether 207 head during the year. During pregnancy the sows are fed on oats; otherwise barley is the staple grain ration. In my experience the young pigs grow less vitally when their dams have been fed largely on barley.

Separate feeding yards are provided for the young pigs when they are a few days old. Barley, whole or ground and fresh buttermilk. It is very important to have the small pigs fed well when they are weaned, and they should be fed liberally so as to keep a clean skin and a good appearance without being fat.

I start fattening the pigs when they are 3 or 4 months old, and give them all the barley crop they will eat and any buttermilk which is not needed for the small pigs. I feed regularly three times every day, but only what they will eat up clean.

The last crop of pigs is 12 feet by 10 feet with a 12 foot trough and it gives a room for 10 hogs; larger pens and several pens which are cleaned out daily and some bedding is placed in one corner of each. Hogs do not thrive well unless they are kept absolutely clean and the skin free from scurf.

In order to secure the best results we must keep the hogs comfortable and treat them kindly. A hog so handled should gain an average 11 lbs. per day from the day it is farrowed until it is 5 months old. Beyond that age every pound of gain in weight costs more than under that age. My hogs have been in splendid health and I have not lost a single pig from disease. This is attributable to the open air, exercise and excellent shelter afforded by the brush land surrounding my hog yard. It also provides shade in the summer for young pigs.

Feed and Labor
Of feed stuffs I use the equivalent of 2,900 bushels of barley or 134,400 lbs. according to the formula: 4 lbs. buttermilk, 1 lb. oats, 1 lb. barley. From this I have produced 29,450 lbs. of hogs, using 4.56 lbs. of barley per pound gained in the weight and, thus realizing 71.3 cents per bushel after the principal items of expenditure, such as interest and depreciation, are deducted.

As to the value of the labor involved, this becomes a matter of industrial calculation on farms where hogs are kept in conjunction with other stock, but it seems to me that in my situation it is easier to feed the barley to the pigs than to haul it fourteen miles to railroad station.

The year's business is summed up in the following statement, viz—
Bought 106 hogs weighing 9,450 lbs. \$ 534.00
Bought barley, oats and buttermilk equivalent to 134,400 lbs. 832.00
Sundry expenses (rent, interest, etc.) 165.00
Total expenditure 1,531.00
Date Hogs: Lbs. Per lb. form.
May '09 27 4,615 6c. 270.90
July '09 9 1,600 6c. 104.00
Aug. '09 14 3,120 6c. 201.50
Sept. '09 39 5,940 7c. 413.00
Sept. '09 11 1,800 7c. 126.00
Oct. '09 9 1,440 7c. 100.80

SHE WAS SURPRISED

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings:

"I can hardly tell you how great my sufferings have been. I have had a complaint accompanied by biliousness was a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some relief that should permanently drive them away."

Hearing of Dr. Morse's Indian Root Pills, I thought they were worth a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long afflicted and weakened me. So great is my faith in Dr. Morse's Indian Root Pills that I shall never on any account be without them."

Dr. Morse's Indian Root Pills cure Bile and Kidney troubles, Liver troubles, and keep you healthy. 25¢ a box at your dealer's.

NOTICE TO CREDITORS

In the matter of the estate of Olaf Bystrom, late of Falun, in the Province of Alberta, farmer, deceased.

NOTICE IS HEREBY GIVEN that all persons having any claim or demands against the late Olaf Bystrom who died on or about the 28th day of June, 1910, at the Scandinavian Hospital in Wetaskiwin, in the Province of Alberta, are required on or before the 21st day of July, 1910, to send by post prepaid to C. F. Sealund, in the Province of Alberta, administrator of the estate of the said Olaf Bystrom, their names and addresses and full particulars of their claims in writing and a statement of their accounts and the nature of the securities if any held by them and such statement shall be verified by affidavit. Declaration of the claimant or his agent.

AND TAKE NOTICE that after the 21st day of July 1910, C. F. Sealund will proceed to distribute the assets of the said deceased amongst the persons entitled thereto, having regard only to the claims of which he shall then have had notice and that said C. F. Sealund, will not be liable for the said assets or any part thereof to any person of whose claim he shall not then have received notice.

Dated at Wetaskiwin this 30th day of June, 1910.

Could Not Sleep In The Dark.

Doctor Said Heart and Nerves Were Responsible.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbances, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Mrs. Calvin Stark, Rossmore, Ont., writes: "About two years ago I began to be troubled with a smothering sensation at night, when I would lie down, I got so bad I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. My doctor said my heart and nerves were responsible. My husband advertised and got a box of 'Nerve Pills' advertised and got a box of 'Nerve Pills'. I took three boxes and can now lie down and sleep without the light and can rest well. I can recommend them highly to all nervous and run down women."

Price 50 cents per box or 3 for \$1.25 at all dealers, or mail order on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont.

City Council

The regular meeting of the city council was held on Tuesday evening with the members all present, except the Mayor. During his absence the chair was filled by Ald. MacEachern.

Minutes of previous meeting read and adopted.

Communications:

From W. H. Odell re nuisance on East side of Owen's lane. Olaf Angus that matter be referred to health committee and that they be instructed to take action re nuisances in different parts of the city, giving parties two days notice to do away with same and then to prosecute. Carried.

Canada Cement Co. giving quotations of \$3.47 per barrel for 10 b. Wetaskiwin. Olaf-Wagner "That engineer be instructed to procure cement required at once. Carried."

From J. H. Kowlan re barred wire in Parkview, drawing attention to by-law regarding same. Olaf-Wagner that communication be filed. Carried.

From C. P. R. giving information re Industrial spur. Billie-Angeus that clerk write Mr. Mohr at Calgary to send along surveyor and give estimate of cost of spur. Carried.

From Mr. Olsenbor stating that Mr. Carlson would like to withdraw his resignation from the school board as he had decided to remain in the city. As no action had been taken to secure a new trustee, the matter was dropped and Mr. Carlson retains his seat.

A. W. Reid, of Lacombe, asking for copy of contract re gas well. Olaf-Wagner that clerk write Mr. Reid that contract is still in force with the contractor from the south.

Angus-Elis that matter of electric light for F. P. Spender be referred to the electric light committee. Carried.

Olaf-Higgs that report presented by the medical health officer be received and filed. Carried.

Olaf-Higgs that matter of securing suits for police be left with the police committee with power to act. Carried.

Plans for building at cemetery were received by the council. Olaf-Higgs that plans be accepted with a slight alteration, substituting a cottage roof for the one on the plans. Carried.

Tenders for hauling sand for cement walks were opened and the figures of Mr. Eggleston being the lowest, were accepted, viz. 150 yards at \$1.95 per cubic yard.

Higgs-Wagner that matter of assessment on S.A. Barbach be left to assessment committee. Carried.

Olaf-Higgs that Ald. MacEachern be acting mayor pro tem. Carried.

Higgs-Angus that special meeting be called for Thursday to put through the different by-laws hanging fire. Carried.

The following accounts were passed for payment:

General	\$107.46
Waterworks	\$394.00
Electric Light	106.30

Meeting adjourned.

WETASKIWIN COMBINATION CAPTURED THE MEDALS

The closing event at the Dominion Day sports at the fair grounds here was a baseball game between a team picked from Wetaskiwin and Bittern Lake and a Strathcona nine. Although last on the program this game was in no ways least. For nine close innings the play was top notch style and except for a costly error or so on the part of the home team, the result 6-4 would probably have been reversed. The visitors, although not picking out anything nice from Knott's giants, were steady and got the eighth Nelson for the visitors was hard hit and gave way to Speesman.

The only three-base hit pulled off during the game was banged out by Knott. Ferring and Murphy of the home team were next in order with a two-bagger each. Denton of Wetaskiwin made a spectacular catch in right garden that broke up the home run plans of Knott. This was one of the best plays of the game. Knott and Speesman for the locals were very strong and took their chances in good style. Knott struck out twelve of the visitors while Nelson got six and Speesman two. A return game will probably be played within the next couple of weeks. The teams were:

Wetaskiwin—Nelson p, Miller c, Ball 1b, Speesman 2b, Johnson ss, Sharkey 3b, Mussen H, Osborn of, Denton of.

Strathcona—Knott p, Miller c, Ferring 1b, Leake 2b, Clarke ss, Carmichael 3b, Kerdlf, Murphy of, Crumb of.

—Pinheadle.

SUCCESSFUL FLIGHT AT MONTREAL

Montreal, July 2.—Count De Lesseps on Saturday made a flight from the aviation field at Lachine, to the city and back, after circling the city hall. The distance is 30 miles and the time occupied was 49 1/2 minutes. The flight was made in the Blériot monoplane, the machine in which was De Lesseps crossed the English channel. It did not arrive until Saturday morning, but the count's mechanics had it ready by 6 o'clock. Passing over the city at a height of 2000 feet, the monoplane caused unusual scenes on the streets. People left their houses, large stores were emptied of customers, and clerks and street cars stopped to let people have a view at the flying Frenchman.

The flight was not announced until a few minutes before the count started. Several auto parties, including one with his brother, tried to follow but they were left far in the rear. There was a crowd of nearly 10,000 on the field, and when DeLesseps returned, and made a perfect landing near the grand stand, he received a tremendous ovation, while the band played the French national anthem.

Chicago, July 5.—Chicago contributed two deaths to a total of twenty-eight in the country for the fourth of July victims. One thousand and eighty-one were injured, including 25 here.

UNRESERVED Auction Sale

Farm Stock and Implements

The undersigned auctioneer has received authority to sell by public auction on the N. E. 1/4 of 24-21, 6 miles N. W. of Camrose.

TUESDAY, JULY 19th, 1910 at 12 o'clock sharp the following:

HORSES—1 bay mare 10 years old weight 1350; 1 bay mare 3 years old weight 1150, foal by side; 1 roan mare 10 years old weight 1000.

CATTLE—5 good milk cows, all fresh; 1 2-year old heifer; 1 2-year old steer; 5 calves.

1 BULL

IMPLEMENTS—1 McCormick binder, nearly new; McCormick mower, 6 ft. cut; McCormick hay rake; 2 1/2 inch tire wagon with double box; 1 hay rack; single buggy; cutter; combination stable plow; pair box sleighs; breaking plow; 3-section harrow; disc; 1 set of work harness; grind stone; sickle grinder; 2 spools of bar wire and 20 rods of woven wire; some carpenter tools.

CARL WINKELMAN, Owner.
J. B. ERIKSSON, Clerk.

HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT

IN CURING MANY DISEASES?

Wonderful Success of "Fruit-Lives"

—The Famous Fruit Medicine

Fruit juice consists of about 95% water, 5% of sweet matter, and only 1% of an intensely bitter substance. Careful experiments show that it is this latter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and grapes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—"Fruit-lives"—known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-lives" is the only medicine in the world made of fruit juices. 50¢ a box, 6 for \$3.00 or trial size, 25¢.

NEGRO CHAMPION RETAINS TITLE

Today a big black negro, with the true Ethiopian smile stands the undefeated champion of the pugilistic world, Jeffries, after the fifth round in the fierce battle at Reno Monday afternoon never had a chance of victory and in the last eight rounds found the old-time champion slowly chopped to pieces by the vicious jaws from the black, the fight coming to an end in the fifteenth with a knock-out blow.

In a statement after the battle, Jeffries modestly acknowledges that he was beaten hopelessly. He knows now that it was impossible for him to recover his form of ten years ago and says he was defeated as much by the effects of his exertion as by Johnson's blows.

The Nevada city was filled to overflowing by enormous crowds to see the fight. Eighteen thousand people were at the ringside when the gong sounded at 1.30 o'clock and sympathy was altogether with the white man. The purse was for the sum of \$121,000 the winner taking 60 per cent, and the loser 40 per cent. Jack Johnson gets, with the bonus and picture interests, a total of \$135,750 as his share of the modernized gladiatorial exhibition and Jim Jeffries must console himself with the sum of \$101,216.

SETTLERS BIG DAY

Stettler, July 2.—Yesterday Stettler celebrated in the most loyal style the national holiday, there being a record crowd present to witness the proceedings. An excellent programme of horse races was presented, the entry being representative locally as well as distant. The prizes, aggregated nearly \$1,000 and the various events were keenly contested. The number of visitors passing through the gates was approximated at about 2,500 and the receipts amounted to over \$35.

The grand stand was filled to its utmost capacity. The day's programme concluded with a grand Roman candle parade in the evening, followed with a dance in the opera house. In the baseball tournament, Alick took the honors. Gladly being second.

"Bronchitis."

THE SYMPTOMS ARE

Tightness across the Chest, Sharp Pains and a Difficulty in Breathing, a Secretion of Thick Phlegm, at first white, but later of a greenish or yellowish color coming from the bronchial tubes when coughing, especially the first thing in the morning.

Bronchitis is generally the result of a cold caught, 2 spots of hot wet and inclement weather and when neglected will become chronic.

Chronic Bronchitis is one of the most general causes of Consumption. Cure the first symptoms of bronchitis by the use of Dr. Wood's Norway Pine Syrup.

***** Get Martha Bourne's Cough Cure, writes: "Last spring I was very poorly, had a bad cold, and was unable to sleep. I took Dr. Wood's Norway Pine Syrup, and it cured me. I could not sleep, and was tired all the time. I consulted two doctors, and both told me I had bronchitis, and advised me to give up teaching. I tried almost everything but none of the medicines gave me any relief. One of my friends advised me to try Dr. Wood's Norway Pine Syrup. I had scarcely taken the first bottle when I began to feel better and when I had taken the fourth bottle I was as well as ever. My cough had left me and I could sleep well. Dr. Wood's is the original Pine Syrup. It is put up in a yellow wrapper, like pine cones the trade mark, and the price 25 cents. There are many imitations of "Dr. Wood's" so be sure you receive the genuine when you ask for it."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Next Door to Post Office

VIA WIRELESS OVER THE RANGE

On the second floor of the Alberta hotel, Edmonton, two New Yorkers for the last few days have had a room. They have roused considerable speculation, these New Yorkers, among the guests—among some because they can whistle the very latest airs off Broadway; but principally they have attracted attention on account of a little instrument which they keep in their room, a metal affair which buzzes and splutters when set in operation. With this little instrument the citizens of Uncle Sam expect to revolutionize communication on the prairies. Messrs. J. J. Horsfall and C. Marshall are representatives of the DeForest Wireless system. Their proposition is not wireless telegraphy—something more up to date; they are elucidating the virtues of a telephone which does not cage a town up with cables; in short the New Yorkers at the Alberta plan nothing less than a wireless telephone system for the province. They have been sightseeing at Calgary, on the side trying to secure rights to the Hull Building, a tall structure in the little town, for the first wireless telephone station in Canada. They want an Edmonton site too. If Calgary and Edmonton people find that they can stretch their voices over the miles which separate them, Lethbridge will go in for the long talking also. It looks as if these three towns, before the show begins to flit, may yet class themselves with New York and Chicago, which call central according to the direction of the American Wireless Corporation. Even up in remote Peace River District, the wireless telephone "does" Edmonton way" is raising the expectations of some, one wealthy farmer is said to have offered three thousand dollars for the wireless connection with Edmonton. But perhaps he has political aspirations.—Canadian Courier.

EDMONTON WINS CHAMPIONSHIPS

Lethbridge, July 1.—The annual meet of the Alberta Amateur Athletic Association held here today was a great success. About a thousand people turned out and saw the best program of athletic events ever seen in this city. A high wind interfered with the runners so that no records were broken except in the 100-yard dash, when Fred S. Parney, of Edmonton, clipped off a fifth of a second. But the jumpers broke all records. The high jump was raised by G. H. Orscol, of Edmonton, from 5 feet 3 inches to 5 feet 4 inches and in the broad jump by G. Cundall, of Manville, from 19 feet 7 inches to 20 feet 4 inches. The pole vault produced the best contest of the meet, when J. Cornfoot, of Calgary, raised the bar a foot from 9 feet 1 inch to 9 feet 9 inches. D. Reidford, of Edmonton, carried the Championship shield with 21 points. A Decatur, of the Edmonton Irish Canadians, being a close second with 20.

The liquor traffic, the men engaged in the liquor traffic, pay no taxes. They are parasites. They live on the earnings and by the impoverishment of other people. The only function they perform, which has any semblance of utility, is that of tax-collectors, and their tax-collecting is the most extravagant, tyrannical, heartless phase of our governmental system. The men in the liquor business ought to be ashamed of themselves. The country ought to be ashamed of them. They are an incubus on the body politic. They produce no wealth. They are a nuisance and a burden. Such a business ought not to be tolerated by civilized people.

BOOST FOR YOUR TOWN

A town booster who knows how to boost, recently reported these questions and suggestions, which are applicable to any town whether it is on the map or not:

Where is your town on the map? Who knows our town is on the map? Who cares—other than our home folks?

What does our town mean industry to America?

What is its rank in the American development game?

What's the score?

Are we really in the game?

Boys it is almighty important the position our town takes in this race for municipal supremacy.

And the old town cannot fight her battles without you and me to boost. We can boost at least if we cannot battle.

No town is better than her men. No town ever went ahead without men to push her ahead.

A lazy farmer allows his crops to run to weeds.

A townswoman allows his town to run to weeds—literally and figuratively.

Weeds and crops do not thrive well together. Weeds and town development do not know each other.

Let's cut down the weeds.

Let's cultivate the ground.

There is a reason for our town being on the map or it would not be there.

Let us study our town a little.

After we know our town let's tell others, let us pass the information around; send it abroad.

Let's work for our town.

Our private business is important and must not be neglected, but our general business interests are inseparably associated with the welfare of the town.

If the town prospers, we will have a better chance to prosper.

What are you and what am I willing to do to make our town more prominent on the map.

HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-lives"—The Famous Fruit Medicine

Fruit juice consists of about 91% water, 8% of sweet matter, and only 1% of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet matter in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—"Fruit-a-lives"—known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-a-lives" is the only medicine the world made of fruit juices. 50c. a box, 6 for \$2.50 or trial size, 25c.

Alta., July 2.—July 1 was a day of gloom for little Alta., owing to the sad fatality that occurred in the afternoon, when Howard Frederick, son of Mr. and Mrs. L. Frederick, was drowned in the lake south of town while bathing with Mr. Fiopik, manager of the Union Bank.

Steel has recently entered a new field, appearing as an effective material for power belts in mills, factories and similar places. Its advantages lie in the reduction of width, both of belts and pulleys, the consequent reduction of weight and expense, and a reduction of the distance between axles necessitated heretofore to secure proper tension of leather belts. Size of pulleys can be increased and therefore a gain in power secured, because of the reduction of weight and width.

Extraordinary speeds, impracticable with leather or rope transmission, are readily available with steel belts, and the savings effected in all departments cover an increased initial cost easily in a season. The pulleys are provided with canvas and cork surface, to give the steel bands the best possible hold upon them.

How valuable the timber lands of Canada are becoming is well illustrated by the recent action of the Minister of Lands and Mines for Ontario. By a simple flourish of his pen, Hon. Frank Cochrane has added \$250,000 a year to the income from timber lands. To accomplish this, he has increased the dues on pine sawlogs from one dollar to one dollar and a half per thousand feet, the dues on square timber from \$20 to \$50 per thousand feet and ground rents from \$3 to \$5 per mile. Further, the lumber must pay the entire cost of fire ranging instead on one half as formerly.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by Red Cross Drug Store.

"Bronchitis."

THE SYMPTOMS ARE

Tightness across the Chest, Sharp Pains and a Difficulty in Breathing, Secretion of Thick Phlegm, at first white, but later of a greenish or yellowish color coming from the bronchial tubes when coughing, especially the first thing in the morning.

Bronchitis is generally the result of a cold caused by exposure to wet and cold weather and when neglected will become chronic.

Chronic Bronchitis is one of the most general causes of Consumption. Cure the first symptoms of Bronchitis by the use of Dr. Wood's Norway Pine Syrup.

***** Miss Martha Bourgeois, Little Falls, Que., writes: "Last spring I was very poorly, had a bad cough, sick head, etc., could not sleep, and was tired all the time. I consulted two doctors, and both told me I had bronchitis, and advised me to give up. I tried almost everything but none of the medicines gave me any relief. One of my friends told me to try Dr. Wood's Norway Pine Syrup. I had scarcely taken the first bottle when I began to get better and when I had taken the fourth bottle I felt as well as ever, my cough had left me and I could sleep well. Dr. Wood's is the original 'Pine Syrup.' It is put up in a yellow wrapper, thus showing the trade mark, and the price 25 cents. There are many imitations of Dr. Wood's, so be sure you receive the genuine when you ask for it."

Troubled With Constipation For Years.

Any irregularity of the bowels is al-
ways dangerous to your health and
should be corrected at once for if this is
not done constipation and all sorts of
diseases are liable to attack you.
Milburn's Lax-Liver Pills cure Con-
stipation and all Stomach, Liver and
Bowel complaints.
Mr. Henry Pearce, 40 Standish Ave.,
Owen Sound, Ont., writes: "Having
been troubled for years with constipation,
and trying various so-called remedies
which did me no good whatever, I was
persuaded to try Milburn's Lax-Liver
Pills. I have found them most bene-
ficial; they are, indeed, a splendid pill,
and I can heartily recommend them to all
those who suffer from constipation."
Price 25 cents a box or 5 for \$1.00
at all dealers, or sent direct on receipt
of price by The T. Milburn Co., Limited,
Toronto, Ont.

YOUR BLOOD IS TAINTED

ULCERS, BOILS, SWOLLEN GLANDS, BLOTCHES,
PIMPLES, AND ALL SKIN AND BLOOD DISEASES
ARE COMPLETELY CURED BY THE
NEW METHOD TREATMENT

We desire to call the attention of all those
afflicted with any Blood or Skin Disease to
our New Method Treatment. This treatment
cures these complaints. There is no ex-
cess for any person having a disfigured face
from eruptions and blotches. No matter
whether hereditary or acquired, our specific
remedies and treatment neutralizes all po-
isons in the blood, and expel them from the
system. Our vast experience in the treat-
ment of thousands of the most serious and
complicated cases enables us to perfect a
cure without expending time and money.
We guarantee to pay Only for the Benefit You
Derive. If you have a blood disease, con-
sider the free charge and see how you can
how quickly our remedies will remove
all evidence of disease. Under the treatment
of the New Method Treatment the skin be-
comes clear, smooth, and blotches and
ulcers, swollen glands are reduced, fallen
out hair grows in again, the eyes become
bright, and energy returns, and the victim
realizes a new life has opened up to him.

CAMROSE
(From The Canadian)

Born, on Sunday, June 26th, to R.
B. Price a daughter.

Miss Norma Hoover left on Friday
morning for a visit to Michigan.

The new opera house owned by Mr.
Quello, will be opened Monday night.

The Camrose syndicate is having ex-
tensive tests made for coal at Round
Hill, and his report is very pleasing.

Mayor Twomey went to Calgary
last week, to see his mother, who was
en route to the coast. The party
spent Sunday at Banff.

A very enjoyable lawn social was
held at the home of J. Harris, of the
Methodist church. Ice cream, cake
and home-made candies were sold.

The tender from Keyes and Baird
for the municipal hospital was ac-
cepted this week on Tuesday evening.
The contract price is \$3,300 exclus-
ive of heating.

The marriage occurred on June 30th
of Christian Langhelt, of Camrose to
Mary Backstone of Highland Park.
They left immediately for Banff, for
a wedding trip.

D. Sampson and T. C. Batram re-
turned last week from a delightful
canoe trip through the lake country,
northwest of Camrose. They com-
menced at the south end of Miquelon Lake
12 miles from Camrose, proceeded to
the extremity of the chain lakes, then
portaged to Oliver Lake, which they
found to be a veritable paradise of
beauty. Crossing Oliver Lake they
portaged to St. Joseph's Lake and
camped at Peterson's point, where Mr.
Batram has filed on a homestead.
The trip which disclosed the beauti-
ful scenery so close to Camrose, was
made in two days.

WANG

The ladies' society of Wang school
district will hold a social and sale
of work in Erick Kjos' grove on Mon-
day, July 11th, commencing at 11
o'clock. Refreshments of all kinds
will be served and a programme of
games is being arranged. Everybody
come and have a good time.

Even Kjos arrived from New York
city on July 1st to spend a few weeks
the guest of his parents, Mr. and Mrs.
Erick Kjos. He will return via Seat-
tle and the coast.

The crops in the district never looked
better, and if nothing unforeseen oc-
curs we will have a bumper year.

Chamberlain's Stomach and Liver
Tablets gently stimulate the liver
and bowels to expel poisonous mat-
ter, cleanse the system, cure constipa-
tion and sick headache. Sold by all
dealers.

**A POSITIVE CURE FOR INDIGES-
TION**

If you have indigestion you food
ferments in the stomach and bowels.
It does more; it decays, and the nu-
tritious matter which should go to
make new blood decays with it, and
this leads to an impoverished condi-
tion of the blood, to nervousness, bil-
iousness, constipation, sick headache,
and bad breath, which disgusts your
friends, and other disagreeable and
unpleasant conditions.

All this trouble is caused by
the food that doesn't digest, but fer-
ments and often rots in the stom-
ach.

And fermentation is caused by the
stomach not being strong enough to
thoroughly mix the food with the di-
gestive juices.

Mc-O-N-A is responsible for tens of
thousands of cures. In fact, it is
such a positive cure for indigestion
and all stomach troubles that it is
guaranteed by the Red Cross Drug
Store to cure or money back. The
price of a large box of Mc-O-N-A
tablets is 50 cents, and they are sure
to promptly relieve the worst case of
indigestion or gastritis. Try them.

When the stomach fails to perform
its functions, the bowels become dis-
eased, the liver and kidneys congested,
causing numerous diseases. The
stomach and liver must be restored to
a healthy condition and Chamber-
lain's Stomach and Liver Tablets can
be depended upon to do it. Easy to
take and most effective. Sold by all
dealers.

HYOMEI
(Pronounced HIGH-O-ME)
CURES CATARRH, ASTHMA,
Bronchitis, Croup, Coughs and Colds, or
nearly any lung. Sold and guaranteed by

The Thibaudeau Trading Company.

News Notes

The Western Home Monthly and the Times for the remainder of the year for 75 cents.

Were you lucky enough to secure a block of United Wireless Stock? This company sold \$20,000,000 worth of stock which is now worthless.

The organization of a leather combine in Canada, capitalized at \$15,000,000 will be announced shortly. The new company will be known as the Canadian Leather Company Limited.

It has practically been arranged that the coronation of King George will take place about the middle of May, 1911. After the ceremony the Duke of Connaught will proceed to Canada to assume the office of governor-general.

The man who usually does most grochoning about the weather has a garden so full of weeds that the rain couldn't penetrate to anything worth while if it should pour down until freezing up time.

During the past month more land has been sold in the Wetaskiwin district than has changed hands during the past two years. The splendid outlook for record breaking crops is the cause of the boom.

Constable Tipps, of the R.N.W.M.P., stationed at Lloydminster, was struck by lightning while on patrol duty last week. He and his horse were both thrown to the ground, but the constable survived the shock even better than his horse and is again on duty.

We understand that the road betwixt between Hardisty and Wilkie has at last been put in good shape, and that the balasting is about completed. A through train service from Strathcona to Winnipeg, via Wetaskiwin and Saskatoon, will likely be inaugurated about the middle of this month.

Inspector J. A. Markley, of the Indian department, has seized the surrender of 100 thousand acres of land from the Blackfoot Indians. The land lies south of the Bow River and is considered one of the choicest bits of land in Alberta. It is valued at two million dollars. Four hundred thousand dollars of the proceeds of the sale are to be invested in buildings and modern farm implements for the use of the Indians.

A young lady who taught a class of small boys in the Sunday school desired to impress upon them the meaning of returning thanks before a meal. Turning to one of the class whose father was a deacon in the church, she asked him:

"William, what is the first thing your father says when he sits down to the table?"

"He says, 'Go slow with the butter, kids: it's forty cents a pound,'" replied the youngster.

He owe it to the country in which we live to do everything we can in every way possible that will be to its advantage. Our neighbor's prosperity means a great deal more to us than someone's who live elsewhere. We should bear this in mind in buying our goods. We can afford to pay our home man a firm price for his wares rather than send our money away, knowing as we do that every dollar our own citizen makes will help in sustaining our schools, churches and public institutions. It pays richly to patronize home industry.

Discovery of an antidote for fatigue has been announced in Germany, by Dr. W. Weichardt, lecturer at the University of Erlangen. He claims to have discovered the poison that is liberated in the human tissues by the breaking down resulting from efforts, and that he has found the natural antidote for it, which the body itself provides. He has succeeded in some remarkable experiments in producing both fatigue and restoration from fatigue, in animals inoculated, first with the fatigue toxin. He noted that all animals show increase of endurance, following rest after work. He argued that this indicated an overproduction of an element in the blood capable of neutralizing the fatigue poison. Deciding that this element could be isolated, and that the bodies of animals could be made to produce it in usable quantities, he experimented till he accomplished these results. His success has been so remarkable that it has attracted wide attention, and promising results have been attained in treatment of serious diseases by other scientists.

A PRIVATE PERFORMANCE

"You are charged with stealing nine of Colonel Henry's hens last night. Have you any witnesses?" asked the justice sternly.

"Nussah!" said Brother Jones humbly, "I specks I see sawth peculia dat-uh-way, but it ain't never been mah custom to take witness, though when I goes out chicken stealin', sah—"

—Central Law Journal.

Had Weak Back.

Would Often Lie in Bed For Days, Since Able To Turn Himself.

Mrs. Arch. Schmale, Black Point, N.B., writes:—"For years I was troubled with weak back. Sometimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending me without avail and tried liniments and plasters, but nothing seemed to do me any good. I was about to give up and despair when my husband induced me to try Doan's Kidney Pills, and after using two boxes I am now well and able to do my work. I am positive Doan's Kidney Pills are all that you claim for them, and I would advise all kidney sufferers to give them a fair trial."

DOAN'S KIDNEY PILLS are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will also cure backache and all forms of Kidney and Bladder Disease.

Price, 50 cents per box, or 3 for \$1.25, at all dealers or The T. Millburn Co., Limited, Toronto, Ont.

In ordering specify "Doan's."

IMPORTANT TO FARMERS AND STOCKMEN

The farmer or rancher who wishes to enlarge or improve his herd by securing some of the well bred stuff now being put on the market, because of the crowding out of the big ranches, will upon application to the Live Stock Commissioner, at Edmonton, be put in touch with parties who are offering their stock for sale. Several ranches have already given notice of their intention to reduce the size of their herds or sell out entirely.

Most of the herds reported are of the Shorthorn or Hereford breeding, or are crosses of these breeds. Practically all are bred for beef production and being range bred are much better able to take care of themselves than are the farm bred that finds its way out here from the east.

These animals will be of little use to dairymen.

Address all enquiries to the undersigned in care of the Department of Agriculture, Edmonton.

W. F. STEVENS, Live Stock Commissioner.

JOHNSON WINS FIGHT

Reno, Nev., July 4.—Johnson retained the heavyweight championship of the world by knocking out Jeffries in the fifteenth round today before 25,000 people.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

ANY person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to clear homestead) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$10.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. COBB, Deputy of the Minister of the Interior. N.B.—Unauthorized publications of this advertisement will not be paid for.

Act now and get the work under way and be among the first to take advantage of all the modern conveniences.

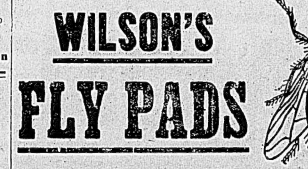

Yours for Business

Geo. D. Wallace Hardware & Furniture

The destruction of the house fly is a public duty. Almost every American State Board of Health is carrying on a crusade against him.

His filthy origin and habits, and the fact that his body is generally laden with disease-producing germs, makes him one of the greatest enemies of the human race.

If the housekeepers of Canada will use

persistently, this peril would be tremendously reduced.

O. H. Johnson's

SPECIAL FOR SATURDAY, JULY 8 1910

Japanese Screens

Only a few of these but they are beauties, made in Japan, hand painted, size 5 1-2 by 6 ft. 4 wings. 2 only regular

INSTALLATION OF WATERWORKS SYSTEM NEARING COMPLETION

According to the progress report submitted by the City Engineer, Galt & Smith, of the work completed up to the end of June, there is only 348 feet of water pipe left to be laid to finish the system. As there were 8,000 feet laid during the month, this part of the system should be completed in a few days. The city sewer system is practically all installed, as only 290 feet are left, 5155 feet being laid during the past month. Fourteen hundred feet of the outfall sewer main was put in during June, leaving only 466 feet to complete the part of the system. Little work, however, has been done on the disposal works, but this will not interfere with the operation of the system.

METHODIST CHURCH NOTES

Rev. T. C. Buchanan, superintendent of missions, conducted both services here last Sunday, the pastor, Mr. Aldridge being called away to Selkirk. The church was prettily decorated with flowers, the pupils of the Sunday school arranging 15:00 on Saturday.

Next Sunday, the Organizing of Wetaskiwin at 11:00 a.m. will be held at 7:30. Rev. A. R. Aldridge will conduct both morning and evening services.

Plumbing

TAKE NOTICE that a new Plumbing Store will be located here about the 18th inst. Wait for my prices and keep your eye on this space for important announcement. C. J. LEMIER.

WATER TURNED ON

Monday last was a red letter day in the annals of Wetaskiwin, as it marks the occasion of the use of the waterworks and sewerage systems in the city. At 8:15 His Worship, Mayor Montgomery, in the presence of several of the business men and prominent citizens, pulled the lever which permitted the water to flow in the mains and a few hours later the mains in the business portion of the city were filled and ready for use.

The water, which is obtained in a abundance from the deep wells, which were drilled a couple of years ago, is pumped into the ground reservoir, by a compressed air, the compressor working automatically. This reservoir is full of cement, and has a capacity of 125,000 gallons.

The water is then forced into the mains and to the stand pipe in the west of the city by means of a steam pump of 200 gallon capacity per minute, power for which is supplied by a 40 h. p. two-cylinder Westinghouse gas engine. The elevated tank has a capacity of 120,000 gallons. The water is which is used principally for domestic purposes.

If a greater fire pressure is required than that supplied by the elevated tank, an extra pressure may be had by forcing the water from the ground tank directly into the mains, and the elevated tank is closed off by an electrically driven valve.

The pressure on the mains under ordinary conditions will be from 55 to 65 pounds, and for fire pressure, when required, it might run as high as 110 pounds.

The system is running entirely satisfactory, but it will take a few days to get the mains and tanks cleaned out. It will perhaps be the middle of the month before the water is fit for domestic use, although a good fire pressure can now be secured.

BORN

ROULSTON-In Wetaskiwin, on June 20th, to Mr. and Mrs. John Roulston, Wetaskiwin, a son.

GULYMER-At the hospital, Wetaskiwin, on the 3rd inst., Edward Gulymer, aged 33 years.

CAMPERS AT BITTERN LAKE

The campers of Wetaskiwin organized a camp at Bittern Lake last week, and owing to the kindness of Mr. Attyer were allowed to pitch camp on a part of his land, thus saving the trouble of ferrying back and forth to the island.

The party consisting of the Misses E. and K. Morson, Bernard, Slade B. Beattie, O'Brien and Heathcote and Messrs. A. Craig, H. Beattie, "Paddy" Franklin, "Doc" Muley and W. H. Oell were chaperoned most severely by Mr. and Mrs. Barnard. The first contingent consisting of Mr. and Mrs. J. and Miss Barnard and Mr. Manley left town on Monday with tents, etc., to prepare for the remainder of the party who were due at the lake on Friday.

When the remainder of the party arrived they found everything prepared and the best of weather. The location of the campsite, nothing to be desired either in its way of situation, view or beach, the land being beautiful, and after a hearty meal, and the necessary work had been finished a high camp fire was lighted and songs and speeches, wit and laughter were the order of the evening. "Light out" was soon sounded and everyone enjoyed a good night.

Following day in a most enjoyable manner, the evening performances round the camp fire being varied by "Pov" songs in which Hite and Hite big chief, Bob Golden Top, especially distinguished themselves, although chiefs Beattie, Pat and Tiny, with squaws, Lo-o-songs, Norok and Lighting Smile were extremely good.

Bittern Lake is an ideal place for camp, more particularly so when such a genial and jolly crowd as went out got together.

This occasion was only the opening of the season and many more such outings are looked forward to with eagerness by every person who took part.

The organization is on a business footing and a lease of the land has been secured so that interrupted enjoyment of the beautiful spot may be carried on by the campers.

The courtesy of Mr. Wilson of the village of Bittern Lake as well as the kindness of Mr. Hudson, assisted greatly in arranging, and over certain missed things, which might have been discomforts but for them. Everybody however, was most anxious to help in every way. The people of Bittern Lake may look forward to an increase of business from the campers which though possibly small at first will in a kindly feeling be a general lead to and Lighting Smile were extremely establishment of a permanent addition to their village.

No "Flying Start" required with this Mower

If your mower isn't a Frost & Wood, very likely you have to back it up several feet and get a "flying start" before the knives will cut. That is because it is made on the External Gear principle.

Now, with the Frost & Wood No. 8 Mower the knives commence cutting the instant the horses begin to move. That is because the No. 8 is designed on the Internal Gear principle.

Frost & Wood No. 8 Mower

We could tell you here the difference between External Gear Mowers and Internal Gear Mowers, but it would require a lot of in and see us. We also want to show you the large "B" Mowers used in the Stay-light Connection between Cutter Bar and Main Power Frame, as well as the Double Trace used to protect the working parts from jars and jolts-and several other features exclusive to the Frost & Wood No. 8 Mower. Call and see us at your earliest convenience.
